

# CALL FOR AUTHORS

## Smit & Herzog on the Law of the European Union

Herzog, Campbell & Zagel eds

This four-volume loose-leaf founded by Prof Hans Smit and Prof Peter Herzog more than 30 years ago was the first English-language and remains the most comprehensive article-by-article commentary of the treaties through which the European Union is established and operates.

The editors seek to refresh *Smit & Herzog's* stable of authors on the occasion of the recent or impending retirement of several of the highly regarded academics and practitioners who have contributed to Smit & Herzog for many years.

We invite expressions of interest from holders of doctoral (or higher) degrees in European Union law (with teaching and research or practice experience). In particular, we seek authors for the following (groups of) articles:

### TEU Articles

**Replace:** 21 TEU (Koutrakos); 24-26 TEU (Sari); 40, 53-55 TEU (Eckes).

**New:** 008-12 TEU; 018 TEU; 026-39 TEU; 041-46 TEU.

### TFEU Articles

**Replace:** 25 TFEU (Herzog); 66 TFEU (Vergano); 67 TFEU (Motz); 87 TFEU (Jaeger); 107-109 TFEU (Diederichsen); 168 TFEU (Behounek); 226 and 229-234 TFEU (Herzog); 263-266 TFEU (Thies); 267, 280, 299 TFEU (Koebele); 300-304 TFEU (Smismans); 339 TFEU (Feik).

**New:** 013-14 TFEU; 063-65 TFEU; 088 TFEU; 122 - 125 TFEU; 153 - 167 TFEU; 196 TFEU; 214 TFEU; 222 TFEU; 227 TFEU; 282 TFEU; 289 - 291 TFEU; 305 - 307; 336-338 TFEU; 342 - 343 TFEU; 352 TFEU; 356-358 TFEU.

The parameters for engagement would be (i) to prepare, over the next 12-18 months, updates or rewrites of existing commentary or in some cases submit new manuscripts on articles as yet without commentary and (ii) to commit to update said commentary (at least once) in the ensuing 3-5 years. The publication issues update releases every six months.

A very general template is to be followed in preparing the commentaries, but this still allows ample scope for each author to analyse the provisions according to her or his own expert approach.
